

# Book Club Newsletter

This half term at Book Club we have designed our own bookmarks, completed codebreakers and word searches, as well as read books from the school library and write our own! We have also made the most wonderful Wonder display for the hall.

As we get close to the end of half term, we thought we should share our opinions on the story Wonder by our author of the term R.J. Palacio. This is being read to us in class, as well as Reading Assembly.

## **Leo**

"I think it's pretty good because each part is a new character. My favourite character is Jack. He is Auggie's best friend, he behaves in a way that I would want to".

## **Sophia**

"I like this book, it teaches everybody to be kind to everyone, no matter what they look like."

## **Esme**

"I like Wonder because it is really different to other books I have read, it shows that everyone is special in their own way. Most books have a main character like a knight or something, but this book has normal people in it – but they are all different. It shows you don't have to hide yourself because you are scared."

## **Theo**

"It is sad, but happy at the same time – which is a bit weird, but good".

## **Yasmin**

"It is very good because if someone was being a bully it might stop them. It has lots of people and it is very funny. I think it's all about making friends, and falling out, and saying sorry to each other, and then being best friends again"
